

4. 1973 Pembroke Table 1400
Councill Contract

Councill Contract

At first glance, the elegant round **Delineation II** spot table looks built to stay put. But unexpected brass casters provide mobility, making this a functional table for residential, office, or hospitality environments. It measures 16 inches in diameter by 20 inches high and comes in quartered Mozambique veneer with a wenge or mahogany medallion. P.O. Box 1440, Denton, NC 27239; 336-859-2155; councillcontract.com

COUNCILL CONTRACT

Delineation II Spot Table and Pembroke Table by Councill Contract.
